IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching
Involuntary movements

Loss of awareness
Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

⚠ WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Main Menu

1P Circuit

Unlock secret courses and the championship mode by completing objectives.

These objectives are:

- Score XXXXX Points and Extreme Score XXXXX: These two objectives require you to score a certain number of points before the time runs out.
- Grind XXX Feet: To complete this task, you will have to grind a certain distance within a level. The total number of feet that you have ground on a level can be seen in the balance meter that appears when grinding.

- Land a XXXX Point Combo: You will need to match a certain score in one combo to achieve this objective.

- Earn XXX Bonus Seconds: You will need to fill up the bonus time bar a certain amount of times within a round to complete this task.

- Get XX Wheels: Each level has a certain number of wheels placed within it and you will need to collect them all within a round to complete this task.

All of the challenges are available each time you go into a level. You do not need to select which task you want to do before starting. When you start a run, you will be given 2 minutes on the clock. At the end of your run, you will be awarded with a password that will allow you to save your progress.

NOTE: See a quick reference of the tricks during the game by pressing START, and selecting TRICK LIST by pressing the A Button.

Championship

This game mode is only unlocked once you have completed all of the tasks on all of the levels in circuit mode. In this mode, you will be competing in a series of competitions against seven opponents. Your goal is to finish the championship in 1st place. The championship takes you through each of the levels with the objective being to score the most points possible. Each run will last 2 minutes.

Points are awarded according to the score you attain compared to the score of your opponents. You will receive 15 points for 1st place, 12 points for 2nd, 10 points for 3rd, 8 points for 4th, 6 points for 5th, 4 points for 6th, 2 points for 7th, and 1 point for 8th. After each run, you will be shown the position you placed for that run and then the current league table, which shows your overall standing in the championship.

1P Practice

This mode allows you to play on each level of the unlocked levels without the constraints of tasks or a time limit. It's the perfect place to brush up your skills and try out different tricks without worrying about running out of time.

Multiplayer

After linking up with two to four of your friends, you will be able to play a multiplayer game. In multiplayer mode, there are several different games that you can play:

- *Points Battle*: You and your friends go head to head to see who can score the most points. The player with the most points when time runs out is the winner.
- *Spell Scooter*: Each player must search the level and find the letter necessary to spell "SCOOTER". Once the player has collected the S, a C will generate and so on and so on. The goal is to be the first person to spell "SCOOTER".
- *Grind Challenge*: In this game, there is a time limit set and all of the players will have to try and grind as far as possible in the time limit. The player that grinds the furthest in the time limit wins.
- *It*: Randomly, before the game begins, one player will be assigned as "IT". The game then lasts for two minutes. Other players can take "IT" away by running into the player who has "IT". When the two minutes are up, whoever has "IT" is the winner.

Password

In this screen, you will be able to enter the passwords that you've been awarded from different modes to restore your progress.
